 1 Panther Place
 Mulberry FL 33860

Mulberry High School
ENGINEERING TECHNOLOGY
Career Academy

The engineering academy seeks to expose students to a wide variety of technical areas within the engineering technology career field. The program features AMATROL Integrated Technology concepts that introduce students to an array of engineering concepts. Students are able to take part in project-based learning assignments that explore over 27 different technologies, from logical control and PLC systems to Robotics and SolidWorks integrated systems. Students will work towards achieving a nationally recognized industry certification and earning up to **18 college credits** prior to completion of high school.

EXPLORE

The Engineering Technology Career Academy explores curriculum concepts in:

- Structural Engineering
- Robotic Programming
- Pneumatics
- Computer Control
- Measurement & Quality Assurance
- Computer Aided Design (CAD)
- Computer Aided Manufacturing
- Applied Electrical Controls
- CNC Machine Tools
- AC/DC Electrical Systems
- Materials Engineering

BUILDING MORE THAN JUST YOUR FUTURE.
