

Our Future Business Leaders of America chapter will be offering workshops this year on professionalism and the job application process.

In addition, we will be bringing in professionals from the community to guest speak, sharing valuable professional lessons and job opportunity information, the first being on Wednesday, October 5th.

We will be fundraising for our yearly trip to the Orlando Hilton State Leadership Conference. Scholarships available. FBLA means Business!

This club offers many opportunities for those students interested in learning professionalism and or starting your own business.
